

Port of Brownsville
Newsletter July 2018

Here is a list of construction projects we have coming up for this summer:

- A. Pressure washing. Lots of it.
- B. We are going to work on the upper park this year.
- C. The boat ramp and staging area is going to be replaced this summer in August.
- D. Piling repair

1. We are going to have the third BAD XIII meeting July 11 at 5:00 pm. There is still lots of room for anyone interested in participating on the planning committee for BAD.
2. Definitely not something to miss, BAD XIII will be September 22, 2018. All the usual festivities will be available. Take a look at the flyer and then mark it on your calendar. We are, as in times past, looking for volunteers. If you are feeling generous, a cash donation is always appreciated to help with the art show prizes and the purchase of food.
3. If you have problems with your dock pedestal, or anything else you see, please report it. The more eyes looking, helps find things that may or may not have been missed. If no one takes the time to talk to the staff, we may not know there is a problem. If the Port is not aware of a problem, we cannot fix it.
4. It's that time of the year to make sure your boat has current registration and the proper WN sticker is displayed properly on your boat.
5. The boat launch will be closed for the about 8 weeks while it is being rebuilt. Please be patient with us. We will do the best we can to accommodate everyone's needs. Please stop in the office if you have any questions or concerns or just like to look at the plans. I will be happy to discuss any of it with you. Thank you all for allowing us to be able to provide you with the best Marina we can.
6. Commissioners' Meeting: The regularly scheduled meeting **has been changed** and is **July 18** and will be held at **6:00 P.M. in the Yacht Club New Business: None. Old Business: Boat Launch and Boat compliance list.**

Boat launch will be
closed starting
July 15, 2018 until
September 15, 2018
Sorry for any
inconvenience, but we
will have a new
Boat launch and staging
area.
Thank you
