

*PORT OF BROWNSVILLE*  
*Newsletter June 2019*

**Here is a list of construction projects we have coming up for June:**

- A. Pressure washing; lots of it.
- B. Piling repair
- C. Pier repair
- D. General Maintenance
- E. Grounds Maintenance

1. Second **BAD Meeting June 6<sup>th</sup> at 5:00**. Please come join the fun and help plan the event. That also means that we are looking for donations and volunteers. Please help keep this event going we need everyone's help.
2. The last three news letters have been about getting under way. I will keep putting this in the newsletter as a reminder to get your boat running (you know who you are). Well I think we have a system that will make it easy for us and you to keep track. While at the same time following the Port rules. How this works is when your insurance is up for renewal you will be asked to take your boat out of its slip motor outside the marina 100 yards or so. Then you can return to your slip and the demonstration complete. Next year when your insurance is due, we start the process over. I am working on the policy now. So if you have any input please come to the office and see me.
3. With opening of boating season and the weather drying out, now is good time to come clean your boat. Please do that responsibly. Minimize your use of toxic chemicals. Most marine stores carry a full line of non-toxic products for the bilge, holding tank and for cleaning the boat. The Port also has been known to let people borrow a pressure washer once and a while.
4. Just a reminder, the Port changed to summer hours May 24<sup>th</sup>. Office 8:00 to 5:00 Sun-Thursday and 8:00 to 7:00 Friday and Saturday. The fuel dock will be 8:30 to 4:30 Sunday-Thursday and 8:30 to 6:30 Friday and Saturday.
5. Commissioners' Meeting: The regularly scheduled meeting **has changed** and is **June 11 at 6:00 P.M. New Business:** Resolution 19-06 Bond account; **Old Business:** Boat compliance list, Resolution 19-05 Rules and Regulations.
