

## Employment Opportunity

### Port Manager Port of Brownsville

If you want to be happy, live in a quaint, beautiful and quiet community - the Port of Brownsville is seeking an energetic and inspiring leader to guide the efforts of one of the State of Washington's Port Districts.

Located on the north side of Burke Bay on the Kitsap Peninsula just east of Silverdale and off of Highway 303 the Port of Brownsville offers quality of life in one of the most beautiful natural areas on Puget Sound and in the Pacific Northwest. Port properties include 320 permanent moorage slips including 51 privately owned boathouses; with amenities including laundry; two floating sanitary pump outs with bathrooms; an electric drive portable pump out; a pump out boat; gasoline and diesel on-site; a two-lane boat launch with parking, overnight moorage and 40 guest moorage slips; 30 amp electrical service; and accommodations for kayaks and picnics including picnic tables; two picnic shelters; restrooms; tent spaces and a full service deli on-site. Brownsville has a quiet and fairly remote harbor and marina.

The Port's mission statement provides guidance for the Port Manager: "To provide public access to, and promote safe and responsible usage of the marina resources in our area."

Our Port Manager will help build and maintain an economically healthy community by:

- Empowering a dynamic team to provide excellent customer service in all aspects of Port Operations
- Looking for year-round economic opportunities and programs that reflect, enhance the business outlook for the area
- Managing Port assets in a fiscally responsible manner while providing affordable and competitive lease rates to retain and attract business
- Oversight and management of port inventory and maintenance plan execution.
