

PORT OF BROWNSVILLE

SEPTEMBER 2022

Welcome Aboard

The Port has hired an Administrative Office Assistant. We are happy to welcome to the staff our latest team member.

Welcome Aboard Heidi!

Is it registered?

June 30th marked the official expiration of all Washington registration tags for water vessels. All boaters in the marina have the responsibility to keep current registration on their vessels. Please make sure you are visiting your boat and placing the new 2023 sticker on your vessel. This is a must!

Are you sure about Insurance?

All boaters are required to maintain current and adequate insurance on any vessel moored in the Port's facilities. (Please review the Ports Rules and Regulations for required coverage)

Now is a great time to check your records and review your insurance policy. Following an incident is the absolute worst time to discover that your policy has changed and is not what you really thought it was, or that your expiration date slipped by you and now you have a fiscal disaster on your hands! Every year there are cases where an owner finds out too late that something changed in their policy and "That" is no longer covered.

Main Pier –

Our main pier has several piles in need of attention. The Port has entered contract with a local contractor to make these repairs. Work is underway and should be completed soon!

Electronic Payment Kiosk

The Port will be installing 2 electronic pay kiosks. One at the boat ramp and one at the East Breakwater. These “Iron Rangers” will provide the ability to pay for boat launching and guest moorage without having to come to the office and eliminate the clumsy wet envelope situation! The final arrangements are being made and we expect to be ordering these units very soon.

Visitors

West Seattle Yacht Club came to visit us in August with 20 boats

Beneteau Yacht Club brought in a group of 40

Labor Day Weekend we will have Des Moines Yacht Club is planning to bring 45 boats

Welcome all who come to gather!
