

Port of Brownsville

July 2023

Welcome to the Team!

The Commission has hired our new Port Manager, Robyn! We are very excited to have her. She has been in the maritime industry for 25 years. She has small government and leadership experience. She is a mother of a 3 year old daughter. She enjoys outdoor activities, including camping and fishing.

Going Paperless

We're transitioning to electronic statement delivery. Please verify we have the e-mail address on file for you, at which you would prefer to receive your monthly statement and newsletter. If you do not use e-mail, you will still receive your monthly statement at your regular mailing address. This change will save the Port money on postage and administrative costs, in the long run. We hope this will be a smooth transition.

Welcome Summer!!

The Maintenance Staff have been hard at work cleaning and sprucing up the marina. Hanging flower baskets have been put up for everyone's enjoyment.

Insurance and Registration

As always, please be aware of your insurance policy's expiration date and provide the office staff with the declaration page(s) upon renewal. **State vessel registrations expire on June 30th!** Please allow the agency time to process your renewal before the expiration date and provide a copy of your new certificate to the office. Staff will be checking on everyone's tags to make sure they have been updated starting in July. Please affix the new tags to your boat sooner, rather than later! If your tags are not updated in a timely manner, you will be receiving a notice to comply with the Rules & Regulations of the Port and you could incur administration charges.

Seaworthiness Checks

In the coming months, the staff will be reaching out to all boat owners that have moorage in the marina, asking them to come out and demonstrate that their boat is in working condition. All boats in the marina must be free of bottom growth and be able to move under their own power. Any vessel that is unable to adequately complete the demonstration will have a given amount of time to repair the problem or be required to vacate the marina. It is not our desire for anyone to be asked to leave but it is in the best interest of everyone that vessels be clean and in good working order. This helps the marina to be a more desirable and welcoming destination for visitors and new moorage customers.

Security

Do not keep valuables in your car and be sure to lock up! Please be sure your vehicle is secure every time you park. Criminals are opportunistic. The Port is still looking into improving surveillance and lighting. The guest security codes have been changed recently for added security. Please do not share your code with anyone you do not know and trust!

Upcoming Meetings

Commissioner's Meeting – July 12th, 2023, at 6:00 PM
9756 Ogle Rd. NE
Bremerton, WA 98311
Via ZOOM – Meeting ID: 810 2781 9527 Passcode: 855007
